

APARTMENT LIFE'S MISSIONARIES:

CARE for people in their apartment community

CONNECT them in relationships, including a relationship with God

CALL others to do the same

Our Apartment Life Coordinators who are the most successful and have the greatest kingdom impact are those who surround themselves with a committed support team. Is God calling you to partner with Apartment Life?

As we saw more and more people coming to our events, we knew we needed hands-on help! It was just the two of us serving, so we knew we were missing opportunities to connect with residents. We wondered if some of our friends would love doing what we do. So, we told our friends Amy and Johnny about our need, and now they are regular volunteers! Their help has been indispensable, and the encouragement from people who know our ministry has been fuel to our fire.

JOIN THE SUPPORT TEAM

Each mission field is unique, so their needs will vary. Some of the common ways a support team engages with their Apartment Life Coordinator include:

- Pray for your coordinator and their neighbors
- Provide wise counsel, discipleship, and accountability
- Volunteer at events
- Donate resources and/or financial support
- Connect them with vendors and community organizations who could donate goods/services for events

Let your Apartment Life Coordinator know if you're ready to join them to radically transform lives in apartment communities by making Christ known!
